

## Home Generator Systems

Briggs & Stratton, a trusted brand for nearly a century, is proud to offer the Briggs & Stratton Series of Home Generator Systems. Featuring affordable options from 7kW - 10kW, these systems offer a permanent, reliable solution to power failure and provide a continuous connection to natural gas or propane for years of uninterrupted operation.

Permanent protection from a proven performer.

**7kW POWERNOW!**  
**7kW MANUAL**  
**7-10kW AUTOMATIC**

## Home Generator Systems

Briggs & Stratton is proud to offer 30kW and 45kW Liquid Cooled Home Generator Systems. Boasting world class GM Vortec engines and 4 pole 1800 rpm alternators, these new systems offer true whole house comfort and control in an compact, quiet & affordable package. The standard 30kW and 45kW packages supply enough quiet automatic backup power to manage the demands of most larger homes. The optional high efficiency computer controlled power management system provides optimal performance, making them the most eco-friendly standby generators in their class.

**30-45kW AUTOMATIC**

## Home Generator Systems

Briggs & Stratton, a trusted name in power for a century, is proud to offer the world's first series of High Efficiency Home Generator Systems. Whether you are home or away when the power goes out, our Home Generator Systems will provide fully automatic operation and a permanent connection to natural gas or propane for years of reliable whole house standby protection. Superior design means half the size, half the sound, half the fuel consumption, and half the price of most competitive systems.

You don't need a larger generator to get premium comfort, just a smarter one.

**12kW AUTOMATIC**  
**15kW AUTOMATIC**  
**18/20kW AUTOMATIC**
